

Voice Services – Digital Voice

MegaNet Business Digital Voice services offer customers of any size a perfect calling solution. You can choose from either metered or unlimited calling plans, based on need and budget.

Bundle Digital Voice with our Internet services ranging from DSL and T1 through Metro Ethernet, or use an existing high-quality connection to begin saving on your phone bill immediately.

Digital Voice Benefits include:

- **Amazing value** - You'll save up to 50% on your monthly phone bills simply by switching over to Digital Voice services with MegaNet.
- **Quality and reliability** - Superior call quality and reliability; with MegaNet it just works better. Flexible call routing means that power outages or inclement weather never impact inbound calls to your business.
- **Nationwide Long Distance** – All MegaNet Digital Voice plans include nationwide long distance, which also extends to calls in Canada, Mexico, and Puerto Rico. Never worry about your businesses phone charges again with MegaNet Digital Voice!

Digital Voice Calling Plans

Value	Includes 600 minutes, each additional minute billed at \$0.03/minute*	\$19.95
Plus	Unlimited calling	\$24.95

**Based on average calling rates, additional charges apply to some international non-landline carriers*

***All pricing based on one year term, early termination fees apply. Taxes are \$1.50 per line.*

No hidden fees or surcharges – we'll provide your office with an exact price and solution tailored to fit your needs.
